Nick Tsacclas, MD
ENT Division Manager
PENTAX
30 Farmland Road
Orangeburg, NY 10962

Dear Nick:

I would again like to express my sincere appreciation for your arrangements in getting Tom to perform at our 125th Anniversary celebration. His performance was certainly the hit of the evening and the weekend for our organization. Tom certainly was a man of a thousand voices, but also a man of more than a thousand facial expressions. He was really most impressive in his impersonations. I and the Council are most appreciative of your sponsorship in bringing him for this activity.

I look forward to seeing you in the near future as you come down for the Reflux TNE course, and we continue to be most excited about our new clinic and your involvement in its development.

Sincerely,

W. Fred McGuirt, Sr., MD
ALA President
